Dear Parents/Guardians,

In order to protect our students' teeth, our school encourages them to participate in the School Dental Care Service (SDCS). The School Dental Care Service (SDCS) includes the overall inspection of teeth, fillings, teeth cleaning etc. Every participant must pay \$20.00.

The Department of Health also provides "The Student Health Service". The students get a free medical examination, health appraisal and health education once a year.

If the student intends to participate in the above two services, please complete the application form and bring along the payment with the child's birth certificate (transcription) to the teacher before 7th September, 2016.

Thank you for your attention.
